PREFACE

I ended this sordid chapter lasting the whole of 27 years from 1997 when I was first marginalised out in the Department at the Natural Resources Institute of project funds to get rid of me from the University of Greenwich, with the introduction of 'The prophecy and the revelation': https://archive.org/details/down-to-the-wire-digital_20240913. In emails I was writing things like 'for AI's intents and purposes', moving on to higher things from the noddly work of Agricultural Development, that I did not have anything to say to protect my reputation within the Institute and beyond, and with the Consultant Psychiatrist Dr Rao on detecting that he/BUPA/Dr Patel were being manipulated, I had sent him a letter that 'Big Brother may be wanting a nation of morons in a Police State in the United Kingdom. I also had visions of coming events and that I would be awarded the Bharat Ratna by the government of India but this remains to be seen. For I feel that I have lived a life of a real Hindu and created the up-to-date version of Vishista Advaita Vedanta.

So all the prophecies have this evening come true and this is the revelation that I was alluding to.

Did this help solve your issue?

I did not answer the question; because I am not a beggar. The Join It site is still in the public domain running on donations and perhaps that is for the best for I will have no legal proceedings from this point onwards with Stripe or JOIN IT or Financial Ombudsman let alone the Civil and Criminal Courts of the United Kingdom because it is proven that the content of the Petition sent to the House of Commons Petition Committee is accurate. Let them do what they want with that information. I will not be pursuing the Petition for it will only lead to a cover-up, something that I have always religiously tried to prevent.

I run my websites on a shoestring budget and so do not try to do anything much to them to get more visitors. I know how to rectify the issues and in due course I will get round to sorting the issues out.

Dear Sirs:

This Sunday morning with no word from Stripe on its final decision that the FOS required to the linked update on the complaint against Stripe:

<https://www.thelibertariandemocrats.com/forum/diary-of-the-author/8-september-2024-pm-09-20-uk-time> I should make our position clear as matters stand, as follows:

Case for the progression of The Conservative Libertarian Society and its offshoot The Conservative Libertarian Party of the United Kingdom takes a fresh turn of optimism.

The Director's approach is simple. First set your own house in order before one turns global. This is why it is so very important that The Conservative Libertarian Party of the United Kingdom (TCLP-UK) must work harder to get accreditation. Stripe has to respond with its final decision and following that the Financial Services Ombudsman must consider the justification for Stripe placing the Account of the Conservative Libertarian Publication on hold/restricted/or permanent withdrawal of banking support as in the original contractual arrangement with JOIN IT. Stripe and JOIN IT have to answer why it went through the Onboarding process successfully in the first place and what pressures were placed on Stripe subsequently to withdraw support. The allegation that I have submitted that Stripe was a pawn and was obeying orders from the State authorities (as evident from its duplicitous and deceitful emails to me in withdrawing support) must be part of the investigation by the Financial Ombudsman Service.

Please incorporate the linked correspondence in the deliberations:

Dear Dr Panigrahi,

The investigation into your reported complaint has been concluded. It is regrettable that Kent Police did not meet your expectations on this occasion, but it is hoped the matter has now been resolved to your satisfaction. Thank you for bringing this matter to our attention.

Please find enclosed the outcome to your complaint, which was dealt with via a Flexible Approach under Schedule 3 of The Police Reform Act (2002).

RECORD OF DISCUSSION WITH COMPLAINANT

DS 14005 MUCHEMWA had initial contact with the complainant Dr Panigrahi SHANTANU and requested clarification on his complaint and set out the parameters of the investigation and provide clarity of the investigator's remit.

The complainant responded stating that, "I cannot comment on these limitations as it is under Judicial scrutiny at the Central London County Court under Claim E35YM660 in which I am claiming £100 million in damages and compensation from the Treasury of the United Kingdom which will be prejudiced against me if I agree to what you have suggested. Please direct all your evidence for the Circuit Judge at the Central London County Court to consider. Please note that any further communication to me from Kent Police will be read and filed with no action being taken by me."

After DS MUCHEMWA reviewed the initial complaint, the complainant made to the police in which stated that he believes he was arrested unnecessarily by Kent Police on 5 occasions

RESTRICTED (when complete)

between 15 September 2021 and 20 April 2023 with a 6th coerced interview, with him being falsely accused that he had stalked and sent out malicious communications to various individuals and institutions.

DS MUCHEMWA thereafter specifically asked the complainant what he objected to about these

arrests and whether there were specific actions by any individual officer or whether he thought the arrests were not legal, proportionate, or necessary.

Complainant responded stating that, "I cannot tell at this stage whether these were lawfully proportionate as the other 5 Enforced Arrests were or were not, but the very fact that I was fully exonerated as linked here:

<https://www.knowledgeassessmentanddissemination.com/post/charge-refused-certificate-from-kent-police-and-the-restoration-of-seized-property> means that it is for Kent Police to provide me with all the documents that were examined during each of the 7 arrests so that I can work out whether the procedures employed on me were lawful and proportionate.

Kindly provide me the documents before we meet."

With the complainant not providing the specifics of his complaint, the investigation thereafter looked at whether, the arrests were lawful, necessary, and proportionate.

I ADS CAULFIELD have not personally had contact with the complainant due to the above.

“Dear Stripe

I requested you for a comprehensive assessment that is up-to-date as matters stand now following my correspondence with the Financial Ombudsman Service as attached: (ToFinancialOmbudsmanService(Stripe Payments UK_Confidential)4Sep2024) unfortunately as I had alluded to Stripe the FOS and rest of the Court and other regulatory apparatus of the State have been attempting to cover up the dastardly crimes of the Constitutional Monarchy on me as is evident from an email that I have just received from Santander Bank that was also referred to the FOS.

How does Stripe view this latest submission in the application to have the full Stripe banking services restored to The Conservative Libertarian Publications Limited?

: Important mainly because it was sent directly to you.

Thank you for contacting the Financial Ombudsman Service, we are a free service set up to resolve disputes with financial businesses, like banks or insurance companies.

We're helping a lot of customers at the moment, so I'm sorry we won't be able to reply straight away.

If you're contacting us about a new complaint

You can find out more about the things we can help with on our website – where you can also use our complaint checker tool to see if your complaint is one we can look at.

If we can help, we will get back to you within 7 days. Due to the volume of enquiries we receive, we are only able to reply to those customers we can help.

If you already have a complaint with us

We'll contact you once your complaint is with a case-handler.

However, if you're experiencing serious financial or health problems, or need to speak to someone urgently, please call us on 0800 023 4567.

If we are not able to help you

We can only look at complaints about financial businesses (like banks, insurance companies and finance firms). We can't help with other complaints – for example, about phone and utility companies, council tax or legal services. Please look at our website for more information about other organisations that may be able to help – but they are completely separate from the Financial Ombudsman Service

And just to remind you again, if we can help, we will get back to you within 7 days.

Thanks,

Dear Sirs:

This Sunday morning with no word from Stripe on its final decision that the FOS required to the linked update on the complaint against Stripe:

<https://www.thelibertariandemocrats.com/forum/diary-of-the-author/8-september-2024-pm-09-20-uk-time> I should make our position clear as matters stand, as follows:

Case for the progression of The Conservative Libertarian Society and its offshoot The Conservative Libertarian Party of the United Kingdom takes a fresh turn of optimism.

The Director's approach is simple. First set your own house in order before one turns global. This is why it is so very important that The Conservative Libertarian Party of the United Kingdom (TCLP-UK) must work harder to get accreditation. Stripe has to respond with its final decision and following that the Financial Services Ombudsman must consider the justification for Stripe placing the Account of the Conservative Libertarian Publication on hold/restricted/or permanent withdrawal of banking support as in the original contractual arrangement with JOIN IT. Stripe and JOIN IT have to answer why it went through the Onboarding process successfully in the first place and what pressures were placed on Stripe subsequently to withdraw support. The allegation that I have submitted that Stripe was a pawn and was obeying orders from the State authorities (as evident from its duplicitous and deceitful emails to me in withdrawing support) must be part of the investigation by the Financial Ombudsman Service.

Please incorporate the linked correspondence in the deliberations:

Dear Dr Panigrahi,

The investigation into your reported complaint has been concluded. It is regrettable that Kent Police did not meet your expectations on this occasion, but it is hoped the matter has now been resolved to your satisfaction. Thank you for bringing this matter to our attention.

RECORD OF DISCUSSION WITH COMPLAINANT

DS 14005 MUCHEMWA had initial contact with the complainant Dr Panigrahi SHANTANU and requested clarification on his complaint and set out the parameters of the investigation and provide clarity of the investigator's remit.

The complainant responded stating that, "I cannot comment on these limitations as it is under Judicial scrutiny at the Central London County Court under Claim E35YM660 in which I am claiming £100 million in damages and compensation from the Treasury of the United Kingdom which will be prejudiced against me if I agree to what you have suggested. Please direct all your evidence for the Circuit Judge at the Central London County Court to consider. Please note that any further communication to me from Kent Police will be read and filed with no action being taken by me."

After DS MUCHEMWA reviewed the initial complaint, the complainant made to the police in which stated that he believes he was arrested unnecessarily by Kent Police on 5 occasions

between 15 September 2021 and 20 April 2023 with a 6th coerced interview, with him being falsely accused that he had stalked and sent out malicious communications to various individuals and institutions.

DS MUCHEMWA thereafter specifically asked the complainant what he objected to about these arrests and whether there were specific actions by any individual officer or whether he thought the arrests were not legal, proportionate, or necessary.

Complainant responded stating that, "I cannot tell at this stage whether these were lawfully proportionate as the other 5 Enforced Arrests were or were not, but the very fact that I was fully exonerated as linked here:

<https://www.knowledgeassessmentanddissemination.com/post/charge-refused-certificate-from-kent-police-and-the-restoration-of-seized-property> means that it is for Kent Police to provide me with all the documents that were examined during each of the 7 arrests so that I can work out whether the procedures employed on me were lawful and proportionate.

Kindly provide me the documents before we meet."

With the complainant not providing the specifics of his complaint, the investigation thereafter looked at whether, the arrests were lawful, necessary, and proportionate.

I ADS CAULFIELD have not personally had contact with the complainant due to the above.

Hello Tara

Thank you for connecting this morning. I am very pleased, because you should be aware that I lead the TCLP-UK party of the United Kingdom and have campaigned through the House of Commons Petition Committee for a Written and amended Constitution for the United Kingdom, The grounds for this have also been submitted in our Policy to the Electoral Commission, but essentially, we consider the tenure of the recent two Monarchs as having been absolutist in a tyrannical and dictatorial fashion with the Courts subservient to the Monarchy and the Police likewise taking directions in secrecy from the Constitutional Monarch. Businesses and Banks too are similarly brought in to fulfil their roles in the management of the directions issued by the Constitutional Monarch in secrecy. Similarly the Mental Health authorities of the NHS and the Regulators such as the Parliamentary and Health Service Ombudsman, the Legal Ombudsman, the Solicitors Regulation Authority and the Financial Ombudsman are all directly manipulated and harnessed in secret by the Monarchy.

As soon as the new Petition Site is opened for business, I intend to pursue the matter democratically through the Chambers of the Parliament for the due process that is necessary to replace the present Monarchy with an ornamental Monarchy,

See if you are inclined to consider joining me here:

Dear Yul of Tide

This matter has dragged on for far too long. There is kind of toing and froing between the legal and law enforcement authorities and the Judicial authorities on the one hand and the Parliamentary authorities on the other.

The Medway County Court sent me an email at 7.31 pm yesterday (Saturday) after a long period of silence over the J00ME572 proceedings and I was encouraged that at long last I may see some of the damages and compensation that I feel is due to me from the UK Treasury. But then your email came on specifically the Petition matter, so I am wondering which of the four sets of proceedings take precedence in the unwritten Constitution of the United Kingdom and whether E35YM660 against the Prime Minister will ever resume for a judgement and £200 million in damages and compensation to me.

Still, I feel assured that Tide Bank is on my side and I look forward to your consideration and advice today as to which Team Member you have sent the materials to.

Yours sincerely

18.01 pm (UK-Time) 15 September 2024

It needed to be enforced for there must be no escape route for Tide who should have the rest of this Sunday to send me its clarification as to who is dealing with the queries that I have detailed new for the Petition.

Likewise everyone should know what these issues are from what I have uncovered about the unwritten Constitution of the United Kingdom.

Updated this book in Internet Archive and in The Allurement of Reality in Review Shop to the introduction of: 'More clarification of the issues concerning the Constitution of the United Kingdom gets revealed'. This so as to leave a clean slate for the freedom to deal with whatever is in store for tomorrow, Monday.

Arguments for a Written Constitution for the United Kingdom
in TCLP-UK proceedings

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/arguments-for-a-written-constitution-for-the-united-kingdom>

PETITION FOR A WRITTEN CONSTITUTION IN THE UNITED KINGDOM

(Working Draft 19.45 pm 13 July 2024)

An Unwritten Constitution should not be foisted upon the people: it is wrong morally.

The reason that there is no written Constitution in the United Kingdom is that Monarchists within the State facilitate the Monarchy to become dictatorial from time to time during the course of history which would be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from the government that they live under. In ancient times people lived entirely in servitude so that rulers ruled as they pleased. The concept of the Written Constitution marked the beginning of civilisation.

The most useful benefit from a change from the unwritten to a written Constitution will be that it would prevent the Head of State from discharging his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State from the existing Royal Family remains unclear to this day and what is also unknown is whether the Monarch can be dethroned, or impeached in Parliament for failure to adhere to his or her duties in a moral and legal manner and what those norms should be.

Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) should be charged with formulating these constitutional clarifications and the appropriate document for voting in both the Chambers of Parliament on whether the Monarch should have absolute unlimited powers or it should be limited as a Cultural Monarchy.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords and its connections with the Security Services that is not exclusively the Constabulary but includes MI5/MI6.

The Written Constitution should then be put to a Yes/No referendum of the population; and if there is a Yes decision from the electorate to have a Written Constitution it should be enacted in Parliament with provisions made that all subsequent amendments to the Written Constitution when these take place are through Parliamentary approval first and then must go to another referendum of the population.

The objective of the Written Constitution is therefore to keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials in secondary institutions of the State against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

THE RECOMMENDATION OF TCLP-UK:

A written constitution for the United Kingdom could provide clarity, consistency, and transparency in governance, ensuring that all citizens have a clear understanding of their rights and the limits of government power. This would prevent potential ambiguities and arbitrary decisions. Additionally, just as religious texts like Surah Yaseen read online offer guidance and structure, a written constitution could serve as a foundational document guiding the UK's legal and political framework.

Transcript of a Video Update

in General Discussion

Hello there everyone. This is Shantanu Panigrahi here. Today is the 11th of November 2021. The time is 13.37 pm here in the United Kingdom.

I am having a bit of a review because all my tasks are over. I have completed my studies and researches into the nature of Reality and have managed to navigate myself through that reality which I describe as being Brahma-Nature composed of sattvic, rajasic and tamasic guna interactions. It has taken me 24 years to fathom it all out and there has been terrible tussles with the State of the United Kingdom to let me pass my way through that so that I could study humanity and I could study Humanology and derive my own conclusions on what is existence for mankind. I have written 20 books of which some are just booklets or pamphlets whereas others are quite detailed accounts of all my studies and communications with various people over these 20 odd years, and these are all available if anybody would like to visit my website at the allurementofrealityinreview.com/shop, they are free to do so and purchase a copy of any of these materials that they would like. If you are a Member you can make a small donation and that would let me send you a coy of the particular material directly to you by email.

So I have survived great odds over the past 24 years. I was not mentally ill but I had a deep compulsion to seek the truth and the truth was something that was sparked by awakenings in me through utterances and writings that I was doing while I was in the University of Greenwich which got me to a state that I virtually abandoned my scientific career and move on to find out whether there is a God or not who was the Higher Entity within my mind and body that was getting me to doing certain things. And the certain things were quite specific, and they were on reflection the Sudharshan Chakra of Sri Krishna because today I am at a point of total liberty, discharged by the mental health authorities after numerous years of having been kept in mental hospital on two occasions and kept in the Care in the Community provisions since 2008. I was discharged from all mental health monitoring and surveillance back to the GP Service although I am still taking my medications of risperidone, sertraline and depakote antipsychotic, antidepressant and moodstabilising agents as a precautionary measure from the point of view of the GP Surgery and my wife so that from what they consider to be the reality they do not want

me to slide into paranoid schizophrenia and persistent delusional order or autism no matter how much I try to convince them that this is not going to happen because I am totally normal in total peace of mind and am looking forward to the rest of my life.

So in that way I believe in the review of what is sanatan dharma, that sanatan dharma is a real dharma and it is the eternal law of the universe. I worshipped Sri Krishna as God and with various techniques that I used that I described as being satya-advaita yoga to determine exactly what God has in store for me. And that led me to using a clock-checking mechanism because I wanted direct question and answer sessions with God. And they were productive in the early days, but they became haphazard later on and finally I took leave of God to find out my own path into my research. And this led to various techniques that I used to home in at Brahmo-advaita Vedanta, but that did not satisfy me because I was just reaching Brahman as Self or Consciousness. Brahman-Self was not realised by me as a real state of mind, and I then had to live my life in karma in Sanatan dharma yet again to discover what is the right duties and responsibilities of a citizen as a family member and as a person in global humanity in what he should spend his time on. I constructed the Conservative Libertarian Society as a global movement to set out the views of what Climate Change means to me in that it needs to incorporate the human dimension with the environmental and natural environment, all to be preserved as one in a holistic manner so that one part of it affects another part of it in deriving policies in politics that lead to a better world and lead in a comprehensive manner that will preserve the Environment and nurture the environment for it to be able to generate foods and services for us to live in.

Of course, that means that I am totally peaceful person, I would not harm even a tiny insect, I do not harm a bacteria or virus. I am not going to take the booster jab for coronavirus unless it becomes mandatory. I took two shots of the Astrogeneca virus jab, and I got pain in my arm from that from what I could make out. So, I do not destroy even a bacteria or a virus. It is really against my innate nature to do so. They are all part of the environment. The Gaia hypothesis says that we are in a wholesome Nature where each part of it is inter-related to another part in the ecology of the Earth-Atmosphere system and that includes all the gases that ever erupted out of the volcanoes to create the environment, and all the carbon dioxide, oxygen and nitrogen, the way they came about and what happened since in the creation of fossil fuels and such things that we are trying to reverse now in a very speedy manner that the Climate is not able to sustain without severe repercussions. My firm belief is that the Earth-Atmosphere system is a Gaia mechanism, and it will take its course if we humans do not do something to moderate our demands on Nature. So, I have said to the powers that be that we should curtail our demands and bring economic activity down to a lower level of expenditure for expenditures whether it is on coal or oil or uranium or solar power, or wind turbines, they are all expenditures in that they demand from Nature. They demand natural resources. And natural resources come from energy, energy comes from the environment. And it all gets used one way or the other. The only way forward is to reduce our demand so that we can find a sustainable manner of living as a global community where everything is in balance in Nature. Balance means total equilibrium. Economics is the key to it.

From globalisation of capital there is 400 trillion pounds in circulation in the world economy all available from past investments and past human activities that is always available for investment in the future. Some years ago, I had said to the authorities that all the extra money should be converted into gold and buried deep in the underground for future generations or for never to be used again. And that was the only way we could bring a halt to the rampant usage of natural resources to protect the environment that causes Climate Change and global warming. And this remains my philosophy right now in the Conservative Libertarian Society that I am the

only member of right now; and actually, I do not mind that because my job is to raise the issues and create the environment; create the education that is needed for people to take account of in the future.

I am 65 years of age now and so I do not have much longer to live. So I do not wish to become active in any activism sense other than just pour out my thoughts born of deep knowledge, the knowledge that I have accumulated by the fact that the United Kingdom has been a heaven-sent opportunity for me in having educated me from the age of 15 to 40 and since then using the facilities that I have had (computer) at home to investigate all aspects of life by quizzing, probing and exposing the truth of how we humans live. So, I am grateful to the United Kingdom as I have said in the past, and notwithstanding that I have said bad things to criminals for terrorising me incessantly to try and put a stop to my activities, when I used all kinds of bad names like madarchod, criminals, bastards, and other horrible names; they were instigating them to get me under attacks even more. But casting that aside I have said that I would never do anything to bite the hand that has fed me and my family for 48 years (my family for 35 years); and in that sense I am keeping quiet and waiting for my destiny.

This video is made on a day that I find myself in total liberty to generate food for thought to anyone who might be interested in my views and experiences.

Thank you
